- What's On

## A message from Mrs Austin

There has been a heat warning issued for the weekend, so please make sure you all stay safe, keep out of the sun at the hottest parts of the day, suncream and sun hats on - we do not want to see any sun burn blisters on Monday!

Remember that your young children cannot control their body heat/own temperature very well themselves either so they will over heat quickly so shade and cool is best with short periods enjoying the sun.

The Summer term at school is always busy so there will be a list of dates coming out next week so that you can see when parent/pupil events will be.

## Attendance

### Attendance the last data shows

**School overall 91.2% compared to National 93.8%**

You **MUST** inform the school of your child's absence if you as the parent are unwell you are expected to find support to ensure your children are at school and on time.

***Check your Arbor App, what % is your child's attendance??? if it is below 90% you may well be asked to attend a meeting at school to discuss this***

Any term time holidays will be denied and any overall unauthorised absences that mean your child has accumulated 10 sessions will also be considered for a fine, this is a legal process and the school does not receive this money

My School	Primary National	Difference
91% ↓ -1.1%	94.9%	-3.9%

## Year 1 Phonics Screen Check Week

Next week, June 12th-16th, is Y1 Phonics Screen Check Week, please ensure your child is in school every day so they have the best opportunity to show off how much they know!

We will continue to share videos on Seesaw for the children to watch and then practice their sounds. Please support your child to log on to their Seesaw account and watch the videos.

If you have any questions, please let myself, Miss Coates or Miss Goulding know.

## On-Line Safety Advice

### Looking After Your Wellbeing Online

The online world and digital technology has become such a significant part of our lives – and integral to so many aspects of our daily routine – that we shouldn't be surprised at the degree of influence it can wield over what we think and how we feel. Many experiences that young people have on the internet are hugely positive and uplifting ... but sadly, that's not always the case.

Negative incidents online – such as disagreements with other users, stumbling across upsetting content or feeling left out by friends – can be intensely damaging to a child's emotional state. Our #WakeUpWednesday poster has some useful tips for young people and trusted adults on how even small, simple actions can help to protect our wellbeing when we're on the internet.

Early Years aged Child  
with  
Special Needs or a Disability?**

The Wiltshire Parent Carer Council is inviting parent carers of early years children to join us for a chat over coffee and cake. We would love to meet you and hear about your current early years experiences.

What's working well? Are there any barriers? What does transition from early years into school feel like for you?

We are working with Wiltshire Council and your feedback will help to inform some of the specialist services for early years children in Wiltshire.

## Wiltshire Short Breaks Scheme Engagement Sessions

### What do you think about Wiltshire's Short Breaks Scheme?

The WPCC has been having conversations with Wiltshire Council commissioners about the Short Breaks Scheme. We are organising some sessions in June to give **parent carers** an opportunity to come and talk about the Short Breaks Scheme.

We know the Short Breaks Scheme works for some people, but also there are challenges for some families and we want to talk about this. For instances: -

- What's good about the Scheme?
- Is the Payment Option working?
- Could changes be made to the Scheme to enable more children and young people to access it?
- Is there anything that could be done differently?

Details of venues can be found on the booking form.

### Looking After Your Wellbeing Online

The online world and digital technology has become such a significant part of our lives – and integral to so many aspects of our daily routine – that we shouldn't be surprised at the degree of influence it can wield over what we think and how we feel. Many experiences that young people have on the internet are hugely positive and uplifting ... but sadly, that's not always the case.

Negative incidents online – such as disagreements with other users, stumbling across upsetting content or feeling left out by friends – can be intensely damaging to a child's emotional state. Our #WakeUpWednesday poster has some useful tips for young people and trusted adults on how even small, simple actions can help to protect our wellbeing when we're on the internet.
